## WHO WE ARE

Automotive Diagnostics and Repairs is a family run business operated by Luke and Lauren Cefai. The business was established in 1996 with a vision to provide high quality automotive diagnostics and repairs at a fair price, to individuals and businesses in the Ringwood area.

Being based in Molan Street, Ringwood, we are centrally located to many of the businesses in Ringwood and the surrounding suburbs. We are located between Heatherdale and Ringwood Stations and very close to Eastlink for easy drop offs and pick ups.

All of our team are suitably qualified automotive mechanics and undergo regular ongoing training. When recruiting, we aim to recruit 'best of class' mechanics to ensure we maintain our technical expertise. In addition we have made, and continue to make, significant investment to the high-tech diagnostic equipment we use in the workshop. This gives us an edge of other workshops in our fault finding and general repair services.

## WHAT WE CAN OFFER YOU

### SAME DAY SERVICING

We understand that your vehicles are an essential part of your business operations. When they're off the road, they aren't making any money for you and neither are their drivers. Our priority fleet management service works in with your scheduling, to get your vehicles back on the road faster. Same day servicing allows us to professionally service your vehicle and deal with any minor repairs that may arise, and you can confidently plan your jobs knowing that your vehicle will be back on the road the next day.

### PICK UP AND DROP OFF SERVICE

To make servicing your company vehicles easier, we offer a pick up and drop off service. This saves your precious time and that of your staff. We can schedule pick up and drop off times to work in with your other commitments.

### ASSET MANAGEMENT PROGRAM – REMINDER SERVICE

ADR offer a full asset management service for your company vehicles. We keep accurate records of servicing history, and we can provide a reminder service to let you know when your vehicles are due for their next service.

### VALUE FOR MONEY

When you trust your vehicle servicing to a company, it can be challenging to know just how good a job they will do. Our focus at Automotive Diagnostics and Repairs is to provide you with value for money fleet repairs and servicing. We provide excellent quality servicing performed by top class motor mechanics.
